Survey Reporting Form

Instructions

1. Look at your card. Write your card number in the table below. According to your card, check whether you are employed, unemployed, neither employed nor unemployed, or you are young or institutionalized.
2. Survey five of your classmates. Ask each to describe her or his job situation, then write her or his name and card number in the first two columns. Checkmark the column you believe she or he belongs in: employed; unemployed; neither employed nor unemployed; or young or institutionalized. Do not survey someone with the same card number more than once.
3. After you have surveyed five people, put your estimate of the unemployment rate in the space below. Base your estimate on the six lines of data you recorded in the table. (The unemployment rate is a percentage.)

Name	Card No.	Working Age, Not in Institution			Young or Institutionalized
		Employed	Unemployed	Neither	
Yourself					

I believe the unemployment rate is _____%, based on my data.
